

Arkccess

School Attendance Simplified

Instant message alerts for school attendance

Arkccess is a smart notification system designed for schools. It instantly alerts parents when their child arrives or leaves school, providing real-time updates and peace of mind for both parents and the school.

Never Wonder Again If Your Child Made It To School Safely

Instant Notifications Message

Receive real-time alerts when your child enters or leaves school.

Attendance History

View detailed records of your child's attendance patterns over time.

Emergency Alerts

Stay informed with immediate alerts during school emergencies
